Interventional Radiology beyond D-day

A glance at the future of interventional radiology
from Ghent, for Em. Prof. Dr. Luc Defreyne

Programme

8h30 Welcome
8h55 Introduction

PART I: The bright future of pelvic IR

Moderators: R. Visser; K. Dekeukeleire

- 09h00 Pelvic congestion syndrome – Current & future controversy in the endovascular treatment.
(O. d'Archambeau - Antwerp, BE)
- 09h20 UFE on evolution toward revolution.
(P. Lohle - Tilburg/Waalwijk, NL)
- 09h40 Cavernous leak embolisation: keep it up.
(P. Vanlangenhove - Ghent, BE)

PART II: Other amazing indications for IR

Moderators: K. Carels; to be determined

- 10h00 Peripheral percutaneous ablation – a play of hot and cold.
(D. Desbuquoit - Ghent, BE)
- 10h15 Empiric embolisation of lower GI bleeding – an ally for your night rest.
(L. Hermie - Ghent, BE)
- 10h30 To treat chyleleak or climb a mountain – which one is faster?
(G. Maleux - Leuven, BE)
- 10h50 Burgundy in Flanders: delicious embolic liquids for the future.
(R. Loffroy - Dijon, FR)
- 11h10 Coffee break

PART III: IR in the medical landscape

Moderators: F. Hammer; G. Villeirs

- 11h45 Certification as IR in the Netherlands: a straight story?
(M. Burgmans - Leiden, NL)
- 12h05 Certification as IR: a Belgian vaudeville
(P. Vanhoenacker - Ghent, BE)
- 12h25 IR in the world: what's next?
(J. Golzarian - Minneapolis, USA)
- 13h00 Lunch break

PART IV: Liver and far beyond

Moderators: M. Smits; B. Lambert

- 14h00 Benign biliary strictures: still indications for IR?
(E. Dhondt - Ghent, BE)
- 14h15 The Ghent HPB service & the Interventional Radiology: a collaboration towards excellence.
(R. Troisi - Naples, IT)
- 14h35 Radioembolisation far beyond the liver.
(R. Salem - Chicago, USA)

PART V: IR in the brain

Moderators: J. Ghekiere; to be determined

- 15h05 Thirty years of Belgian IR neuroradiology: a battle between snipers & tanks.
(P. Goffette - Brussels, BE)
- 15h25 Ischemic stroke treatment - going Dutch or double Dutch?
(W. Van Zwam - Maastricht, NL)
- 15h45 Ischemic stroke treatment – drinking Flemish coffee?
(D. Hemelsoet - Ghent, BE)
- 16h05 Brain arteriovenous malformation: sneaking in through the backdoor?
(L. Spelle - Paris, FR)
- 16h35 Brain tumours – pleading for IR support?
(E. Baert - Ghent, BE)
- 16h55 I just want to have something to do.
(L. Defreyne - Ghent, BE)
- 17h00 Closing remarks
- 17h05 Reception
